Please join California State PTA and leaders of Governor Newsom's Safe Schools For All team on **April 14 from 5:00-6:30 p.m.** for an online briefing and listening session where we will address safe school reopening.

During the briefing portion, we will discuss statewide safe opening plans, and social-emotional and learning supports for students and families. Information and resources will be provided to assist and empower parents and families to advocate on behalf of their child and school.

Then we want to hear from you - parents and families. What do you need? What questions do you have? Let's share ideas about how schools can safely reopen, stay open and help students thrive.

This briefing and listening session will be facilitated by:

- Dr. Naomi Bardach – Pediatrician and State Lead for the Safe Schools for All Team
- Brooks Allen – Education Policy Advisor to the Governor
- California State PTA leaders, led by Celia Jaffe, President

Please share this message with your community, families, parents and educators. All are welcome!
